EXECUTIVE SUMMARY

Transformational COO with 20+ years driving operational excellence across Banking, FinTech, and BFSI operations in Singapore, UAE, UK, GCC, US, Canada, and India. Currently Chief Operating Officer at ICICI Bank Singapore, overseeing enterprise-wide operations spanning Retail, Corporate, Trade Finance, Treasury, and Wealth Management. Recognized as a governance-first leader achieving 4 consecutive years of zero critical regulatory findings across MAS, SDIC, and RBI audits. Expert in balancing regulatory compliance, operational efficiency, and digital transformation while maintaining robust first-line defense frameworks.

CORE COMPETENCIES

Enterprise Banking Operations

Regulatory Governance & Compliance

Payments Infrastructure Modernization

AML/KYC & Financial Crime Prevention

Operational Risk Management & RCSA

Third-Party Risk & Outsourcing Governance

Business Continuity & Crisis Management

AI/RPA Deployment & Digital Transformation

PROFESSIONAL EXPERIENCE

Chief Operating Officer / Head of Operations

ICICI Bank Ltd, Singapore Branch | July 2020 – Present (5+ years)

Strategic Operations Leadership & Transformation

- Direct end-to-end operational delivery across Retail, Corporate, Trade Finance, Treasury, and Wealth Management, ensuring scalable and compliant processes under MAS Technology Risk Management and ABS guidelines
- Architected Target Operating Model integrating offshore capability centers, RPA, and AI automation, achieving 30% reduction in process turnaround times, 20% decrease in operational incidents, and 15% OPEX savings
- Deployed near real-time MIS dashboards providing comprehensive visibility into SLA/TAT metrics, operational risk events, and regulatory compliance status, enabling proactive decision-making

Regulatory Governance, Compliance & Risk Management

- Serve as single point of accountability for MAS regulatory audits, inspections, thematic reviews, and SDIC compliance verification, achieving zero critical findings over 4 consecutive years (2020-2024)
- Own full lifecycle of regulatory reporting including MAS 610, MAS 643A, TBGS, EWRA, CRAFT, and MLTF returns, implementing automated pipelines reducing submission cycles by 35% while enhancing data quality
- Chair Outsourcing Risk Committee, Business Continuity Management Committee, and Operational Resilience Forum, maintaining <1 hour RTO for tier-one critical functions with 100% BCP compliance

Payments Infrastructure & Digital Innovation

- Led ISO 20022 migration program as pioneer operational lead for MEPS+ and SWIFT MX transitions, achieving zero client disruption and 30% improvement in payment processing speeds through enhanced STP

- Implemented SWIFT gpi for cross-border payment traceability, enabling real-time tracking, transparent fee visibility, and same-day settlement capabilities across global correspondent banking network
- Deployed AI/ML for Trade Document Processing with intelligent OCR and automated classification, reducing manual review time by 40% while improving accuracy and ICC compliance

AI Governance & Industry Leadership

- Official bank representative on MAS MindForge AI Governance Taskforce, contributing to Singapore's national framework for ethical, responsible AI adoption across financial services
- Core contributor to ABS Trade Finance Registry initiative, defining data standards, API specifications, and security protocols to reduce double financing risks and enhance ecosystem transparency

Head of Operations – International Operations Group

ICICI Bank Ltd, Hyderabad, India | April 2015 – July 2020 (5+ years)

- Led centralized International Operations Centre serving as global capability hub for branches across Singapore, Hong Kong, GCC, UK, US, and Canada, covering Retail, Trade Finance, International Payments, and Private Banking
- Established Center of Excellence delivering 30% productivity uplift through process optimization, technology enablement, and performance management while improving quality metrics and maintaining regulatory compliance
- Standardized operational workflows through comprehensive process documentation, SOPs, and quality checklists, reducing operational incidents by 25% and improving cross-geography staff mobility
- Coordinated regulatory audits across multiple jurisdictions, maintaining zero significant findings over 5-year tenure through proactive control testing and continuous improvement

Chief Manager – Wealth Operations, Compliance & Process Transformation

ICICI Bank Ltd, Hyderabad, India | April 2010 – March 2015 (5 years)

- Led integration of operations, compliance, and control frameworks for Domestic Wealth Management, Mutual Fund Processing, International Private Banking, and Cross-Border Payments
- Designed comprehensive Operational Risk Control Framework encompassing RCSA, KRI monitoring, incident management, and loss event analysis across all operational units
- Successfully implemented FATCA and CRS readiness programs, embedding enhanced due diligence, classification methodologies, and reporting obligations, achieving clean regulatory audits with zero findings
- Strengthened AML/CFT capabilities through enhanced transaction monitoring, customer risk rating, PEP screening, and SAR investigation procedures, maintaining 6 consecutive years of clean audits

Team Lead – Global Remittance Operations & Regulatory Frameworks

ICICI Bank Ltd, Mumbai, India | June 2005 – March 2010 (5 years)

- Conceptualized and operationalized Money2India, one of India's pioneering large-scale digital cross-border remittance platforms, transforming NRI remittance experience
- Managed USD 4 billion+ annual cross-border payment flows with 99.9% processing accuracy through shift-based operations and capacity planning frameworks
- Established compliance alignment with FATF, RBI, and MAS frameworks, achieving zero regulatory lapses in AML/CFT compliance while reducing transaction disputes by 25% through fraud prevention systems

EDUCATION & CREDENTIALS

Executive Education:

- Leadership in Artificial Intelligence – Indian School of Business (ISB), 2024-2025
- Post Graduate Diploma in Management (Finance) – Symbiosis Centre for Management and HRD, 2003-2005
- Bachelor of Engineering (Mechanical) – Rajiv Gandhi Prodyogiki Vishwavidyalaya, 1998-2002

Professional Certifications:

- Operations Risk Management | Business Continuity Management | Third Party Risk Management – ABS
- AML & CFT | Trade-Based Financial Crime Compliance – ABS/MAS Trade Finance Arm
- Cybersecurity Essentials – TÜV SÜD PSB Academy | Prompt Engineering – Government of Dubai
- In Progress: Certified Trade Finance Compliance Professional (CTFC) & Certified Documentary Credit Specialist (CDCS) – LIBF, 2026

KEY ACHIEVEMENTS & RECOGNITION

- Quest for Quality Award – Total Digitalization of Singapore Branch Documents & implementation of enterprise Document Management System
- EFMA Awards Nomination – Innovative FCRM (First Call Resolution Management) on AIR channel leveraging AI and voice recognition
- Opera Award 2014 – FATCA Implementation for Singapore and Dubai branches within aggressive regulatory timeline
- Quest for Quality Award – Rate Tolerance Control implementation across all International Geography Units in I-Core banking system
